

The Virginia Department of Health is authorized by Section 32.1-77 of the Code of Virginia to administer the Maternal and Child Health Services Block Grant funds. Within the department, the block grant is managed by the Office of Family Health Services. The services provided with this funding include preventive and primary care services for pregnant women and mothers, preventive and primary care services for infants, children and adolescents, and non-pregnant women of childbearing age. Services are also provided for children with special health care needs (CSHCN).
